While a large number of Federal tax levies became effective June 21, the increase in postage rates for letters does not become effective until July 6th, Postmaster J. W. Maddox announced yesterday. On that date the charge for mailing a letter will be three cents and the charge for air mail will be increased to eight cents for the first ounce and 13 cents for each additional ounce.

A slight increase in the scale for newspapers also becomes effective July 6th. This increase Garrett, daughter of Mr. and Mrs. J. M.
